Data

The data to be collected and the sources of that data are:

- Foursquare API – retrieve restaurant, shopping, and leisure activity venues for Palm Beach County municipalities.

- Palm Beach County, Florida municipalities – There are 39 municipalities in Palm Beach County; these municipalities will be accessed from the Palm Beach County webpage: http://discover.pbcgov.org/Pages/Municipalities.aspx

- geopy.geocoders Nominatim – retrieve latitude and longitude for each municipality
